Recreation Plan

Rod opened up a discussion regarding the Recreation Plan following the Public Hearing Meeting. Prior to that meeting's start, Lori McShane handed out an Amendment to the Recreation Plan to be reviewed, discussed and potentially added to the previously competed and approved Recreation Plan.

Victor requested a ten-minute recess to allow all Commissioners an opportunity to review the amendment in order to digest the information and discuss its content and viability to the subject matter.

Rod started a discussion to discuss the amendment content and approved its inclusion into the Recreation Plan.

Phil questioned some of the timing and specifics of the amendment content and after further discussion approved its inclusion in the Recreation Plan.

Victor agreed with Phil and added that the content of the amendment will further develop and change with time, but the current content is relevant to the recreation plans current condition and approved inclusion to the plan.

Robin was also in the affirmative to include the amendment in its current condition into the Recreation Plan.

Walt was also in agreement to allow the amendment to be included into the Recreation Plan.

Paul also concurred that the amendment current condition would reiterate the current Recreation Plan and be a good source to document the need of work to be completed within the proposed Recreation Plan.

Emily Bosch Soucy will have the revised Recreation Plan to Lori McShane by the end of the week if not earlier.
