<https://us02web.zoom.us/j/8990879895?pwd=a2V2K0dBQS9pYndaeVRhVU1zVkNYUT09>

### AGENDA:

1. Call to Order, Pledge of Allegiance, Roll Call
2. Approve Agenda
3. Correspondence:
4. Approve Minutes: 12/09/25
5. Dept. & Committee Reports
6. Appointments/Resignations: none
7. Supervisor Report
8. Treasurers Report & Approval of Bills
9. **Unfinished Business:**
  - A. Planning Commission meeting --**Recreation Plan** approval  
-Zoning ordinance-estimate timing to the board
  - B. Woodland Park Septic status update
  - C. Mobi Mat bids – Scott Hull
  - D. Transient Merchant Ordinance
  - E. Harbor Plan/UPEA – Harbor committee
  - F. Deficit Elimination Plan – Fuel Fund
  - G. Short Term rentals – inspection
10. **New Business:**
  - A. Township Attorney
  - B. Altran bus
  - C. Chamber – Fireworks
11. Other - Schedule special meeting 2025/26 budget review – 2026/27 budget workshop
12. Public Comment (limit 2 mins each)
13. Board Comment
14. Adjournment

Signature of Township Clerk

Date and Time of Posting: January 12, 2026 – 12:00 PM

This notice is posted in compliance with PA 267 of 1976 as amended (Open Meetings Act), MCLA 41.72(2) (3) and the Americans with Disabilities Act (ADA).

Individuals with disabilities requiring auxiliary aids or services should contact the Burt Township Board by writing or calling the following: Burt Township Board, PO Box 430, Grand Marais, MI 49839, (906) 494-2381.

A copy of this notice is on file in the office of the clerk.

"The Township of Burt, Alger County is an Equal Opportunity Employer"

Arrangements for Americans with Disabilities can be made by calling the Township Office at the above number.

**Regular Meeting of the Burt Township Board**  
**Wednesday, December 9, 2025 -- Community Center - 6:00 PM**

**DRAFT**

**Attendance:** Jon Babbitt, Lori McShane, Tim Jenkins, Sara Secrest and Paul Williams.

**Public Comment:** Kathleen Gould, superintendent of Burt Township Schools, asked for volunteers for the basketball games in the concessions or scoreboard, and invited everyone to the Christmas program later this week.

**Agenda:** Motion by McShane, second by Secrest to approve agenda as written. 5 ayes

**Correspondence:** none

**Approve Minutes:** Motion by Williams, second by Babbitt, to approve the minutes from the November 12th regular meeting. 5 ayes.

**Department and Committee Reports:** Reports were available from the Assessor, DPW & Water, Library, and Woodland Park.

**Appointments/Resignations:** Motion by McShane, second by Babbitt, to approve the appointment of Will Paul as an intern to the fire department. 5 ayes.

**Supervisor Report:** We have created a complaint form for the community to use, they are available at the office and online, it makes it much more efficient to have these things in writing for distribution to the board. Recycling is tomorrow – 12/10.

**Treasurer's report and Approval of Bills:** Treasurer's report – (\$866,171.56). Motion by Babbitt, second by Williams, to accept treasurer's report and approve the bills for payment (\$31,622.42). 5 ayes Motion by McShane, second by Williams, to approve cashing in \$50,000 from the water department CD and depositing in the general water receiving fund, with a penalty of \$240.00. 5 ayes.

**Unfinished Business:**

**Planning Commission:** Next meeting of the planning commission is January 6, 2025. There will be a public hearing on the recreation plan, as well as further discussion on the zoning ordinance. Board is anxious to get it back from Pat Coleman and move on to the next step.

**Woodland Park Septic status update:** Still working with the EGLE and Alger County Health department to determine the best design and location for the drain fields. Still intend to have plans finalized and go out for bid in February 2026 for spring installation.

**Mobi Mat bids – Scott Hull:** We received three bids; Central UP construction at \$33,400, Meridian Contracting at \$46,443, and Kalamazoo Deck Builders at \$25,490. Motion by Babbitt, second by Williams, to accept the bid from Kalamazoo Deck Builders, Scott Hull, at \$25,490. 5 ayes.

**Transient Merchant Ordinance:** Trustee Jenkins and Supervisor Babbitt have presented another new draft of a transient merchant ordinance. This ordinance prohibits any transient merchant from setting up on any township or public property or right of way. They are only allowed on private property in a commercially zoned location. Minor change to clarify the application process for commercially zoned property owners, and groups looking for permission to have events on the greenspace or other township property. Motion by McShane, second by Secrest, to approve the ordinance going forward but to allow the Fired-Up food truck to continue to operate in a location along the bay for the next 4 yrs, or until the end of our terms. 3 ayes, 2 nays (Williams, Jenkins). Actual location of the Fired-Up food truck will be determined in the spring.

**Harbor Plan/UPEA – Harbor Committee:** First draft of the harbor plan from UPEA was distributed to the board on December 8, 2025. This harbor plan does not have to go through the same protocol as the recreation plan, but we do have copies available at the office and on our website for public comment, and will also be discussed at the planning commission meeting on January 6<sup>th</sup>, 2026. With the estimated cost of some of the improvements to the marina, it was suggested by members of the board that we put together a "harbor committee" to review and offer input to the board on future plans, and specifically to garner public input and opinion. We will post a notice around town and in the paper, to try and recruit community members for this committee. If you are interested, please send a letter or email, or stop in the office to discuss with supervisor Babbitt.

**New Business:**

**Short Term rentals:** Correspondence received from Brandi and Jeremy Taylor, Molly Tavenner, Brett Panter, Scott Davis, and Kristine Hartman, asking about the increase in short term rental registration fees, and asking for clarification on the procedure going forward with the 100 rental cap, wait list and inspections. Board reviewed the current procedure and there was much discussion about the right of the township to regulate these short-term rentals. Representatives from short term rentals were present at the meeting also asking about the registration fee increase, and the impression they feel the board is promoting that they are the enemy of the community. They stated how much revenue and money the short-term rentals put into the local economy. Board agreed that if you are in a commercial zone, and are being taxed at the commercial rate, you do not have to pay the registration fee, and you will not be on the list of 100. Motion by McShane, second by Williams, to state the fact that the short-term rental registration does not transfer with ownership. 4 ayes, 1 nay (Jenkins). Trustee Jenkins and community members complained that the web site was not up to date and ordinances on the website were not the most current and were not signed.

**Deficit Elimination plan – Fuel system:** Once again we have ended the fiscal year with a deficit in the fuel fund and the state is asking for a corrective action. After much investigation and conversation with our auditors and representatives from the Treasury department, we have determined that this stems from a journal entry made in 2021, when the fuel system major improvement project was completed. At that time, we borrowed money from the park to pay for these renovations, and have not paid the park fund back. As part of this corrective action, the board is being asked to forgive the loan and make the journal entries needed to correct this going forward. Paperwork was distributed to the board for review and will be revisited at next meeting.

**Data Mining:** Brief discussion of the current zoning ordinance and the possibility of data mining in our township. Our current ordinance would only allow in the industrial zone with a conditional use. Planning commission will be discussing this issue as well at the next meeting.

**Other:**

**Public Comment:** Chet Tavenner commented that he was appreciative of the open dialogue regarding the short-term rentals and other issues facing the board. Bill Egerer spoke about the short-term rental issue and encouraging more families to move to our community. Tisha Panter asked the board if they realize the financial impact of the decisions made at this meeting regarding short term rentals.

**Board Comment:** Trustee Jenkins spoke about two bills in the state legislature regarding no property taxes for over 70-year-olds, and water billing policies with regard to low-income households. He also thanked the volunteers that held all of the festivities over the holiday weekend. Clerk McShane asked for community members to email the office manager with questions or comments regarding the web site and to help us keep it as up to date as possible for the benefit of everyone.

**Adjournment:** 8:10 PM

Respectfully submitted December 19, 2025

Lori McShane, Clerk

## Burt Township Department Reports

### Assessing

Entered five deeds, three property transfer affidavits, one death certificate, and two certificates of trust. I responded to all emails and phone calls. Finished entering database information for new construction. Sent monthly reports to County Equalization. Sent out 2026 personal property statements and form 5076's to taxpayers. I went through the short term rental list for questionable principal residence exemptions (PREs) and mailed letters to property owners. I am currently working on parcel splits/combinations and sales studies for the 2026 tax year.

### Fire

January 7, 2026

Fire meeting was called to order at 1801 by Secretary Bowen.

Present: Karla Bowen, Jeff Harry, Troy Morgan, Gabe Lawrence, Jordan Dobberstein, Nick Paul, Will Paul and Jon Babbitt.

Excused: Dale Ross and Dennis Weaver.

The township board would like some firefighters to take the fire inspection course. They are willing to pay for the class. Dennis, Jordan and Troy all would like to take the class. The 800 radio has been installed in Brush 02. Please do not use Nick's old number in texts anymore since he no longer has it. Whoever sits in the shotgun seat during a call will be in charge of doing all radio calls and starting the report. Karla went over some of the things that she has to put in the report so a lot more documentation needs to be made. The air compressor used to fill the trucks is having problems. Please do not hook up the air hoses to the trucks all the time. Whoever does the truck inspection for the week will hook up the air hose and fill the trucks and then disconnect the hose. A recommendation was made for the Pierce pumper to just start the engine and let the truck compressor fill the truck. On a fire call, the first firefighter to the station should right away start the trucks so they will be filled with air. Anyone that has one of the older yellow flashlights please turn them in. We are short some flashlights and need to make sure everyone has one. If anyone has a chance to run the snowmobiles for a period of time, please do so.

Jon was talking about getting a new snowmobile for snow rescues. After much debate the firefighters wanted the money to go towards a new tracked vehicle of some kind. Nick was going to talk to Alger County to see if they would contribute money to the cause. Plans are being made to do some type of fundraiser during the UP 200. Will is working on a grant proposal to get three more 800 radios with lapel mics so firefighters can take them into buildings when they are doing internal searches and firefighting.

Truck inspections week of

12th Karla

19th Troy and ?????

26th Gabe

Meeting adjourned at 1900.

CEU class on review of ice rescue techniques took place after the meeting.

### Library

\*Things are well- "A-OK", at the Burt Township Library! As I stated last month, the holidays went smoothly- and they WENT! Always glad to see the events pass me in the rearview mirror! Both-all three of the winter holidays came and went down here and I had some fairly decent visitation (I will have my annual yearly body count ready soon!).

\*I had family in for a week and that kept me busy. Also have another car issue and some health issues to care for, and that is always more problematic in the winter (esp. with kind of winter we've had up here so far!)

\*Next up: the Dog Sled Race-and since it's my fav event, I am looking forward to it. Hopefully, the winter weather will hold nicely for the race (one of the few times I look for more winter!). I am assuming we will be hosting some sledders and the doggy exam room next door. We'll be ready for all that. I'll also put out another

## Burt Township Department Reports

book sale rack in the hallway. What fun! (Am hoping my family makes it up here for the race-little kids and doggies-how much more fun can you ask for? We'll see)

\*Everything is "mellow" at the library now. Even with the snow, things were fine...of course, we have to deal with the snow. I did have one patron complain -such excitement!-about the state of the parking lot. He feels strongly we should sand the parking lot at least monthly. At times, I admit, I agree with that. It can get ugly out there! So there-I passed on the comment!

\*I still have a few health issues to take care of so I will keep the Board posted when I need to take a day off for some "carving".

\*I haven't tallied the savings/checking account here lately but I have doubloons to deposit, so I'll get to that asap.

\*Post holiday: hours/schedule is pretty much back to normal now.

Monday-noon till five pm; Tuesday and Thursday: 3pm till 5pm; Wednesday-noon till 6pm; Friday: 11am till 4pm.

Thaz all for now-SORRY LIONS!

~Roger Pilon, Librarian

## Woodland Park & Marina

- Campspot Updates:
  - All reservable sites now loaded on Campspot
  - All sites now listed with length and width dimensions
  - Blocked sites/dates for Sea Kayak Symposium
  - Blocked sites/dates for all Extended stay requests
  - Blocked sites/dates for Musical Festival
  - Pricing updates for sites not including prime sites
- Extended Stay Guest Requests:
  - Manually entered all requests into campspot reservation
  - Emailed all guest with confirmed information, details in reservation, and scheduled payments due after the initial first month's payment due Jan 26
- Many guests continue to reach out with questions for the 2026 season; fielding all calls/emails/texts/ will be updating our website with FAQs / information.
- Park brochure being updated with current pricing, site options, new policy, and map.
- Park staff handbook being updated with policy and expectations for the 2026 season
- Park office interior painting has been completed. Beginning to organize office layout.
- Flynn flooring has been contacted for kitchen floor replacement. Work has not been scheduled yet but I am aiming for January.
- Ice Rink:
  - Continued to be flooded. The rink's edge behind the kitchen has been redone a few times now with thawing. We have an ice base throughout most of the rink and with temps below freezing following Jan 8th, hoping to have it ready asap.
- Recycling Jan 14th - See you there!!

## Public Works

- Snow plowing, shoveling and snow blowing at the township offices, medical center, community center, fuel system, recycling containers, emergency services building, water department, well field area and water tank access. It has been a very busy 4 weeks of snow removal this season for everyone.
- Equipment maintenance and greasing as needed for plows and snow blowers.
- Ambulance entry door was damaged during the storm during a call. Door has been temporarily repaired but will need to be replaced in the future at some point.

## Burt Township Department Reports

- Assisted the park manager with setting up the ice rink boards and netting to protect the overhead and entry doors. Worked with him on how to freeze in the boards and cracks in floors required before flooding. Warm ups will make it difficult to establish the ice rink.
- Fuel system had a new security light installed for the system by the DPW.
- Christmas lights and decorations have been installed around town for the season. We will start to uninstall these lights/decorations as time and weather permits. Lights are taken down, taken indoors to be dried out, repairs made and organized for next season. Snow removal to access some of the lighting prior as well.
- Cleaned up the snow that slid off the community center roof in front and back of the building.
- Fuel system weekly and monthly checks per the state of Michigan's Licensing and Regulatory Affairs (LARA) requirements.
- The new F3710 Kubota tractor had its first 50-hour service. Manufacturer recommends engine oil; engine filter and all hydraulic filters be replaced in the first 50-100 hours. The reasoning is to potentially catch any manufacturing debris/metal before it causes damages to the unit.

### Water Department

- Fire hydrant had to be repaired in the alley off Randolph.
- Water department generator is running well and had all its maintenance done prior to the winter season. It powers the water system/wells to keep safe and clean drinking water flowing 24/7 for the customers and keeps the emergency services building operating for the fire/ambulance. The latest power outage was 17-18 hours long due to the damage from the storm. A state licensed water system operator is always on call to monitor and operate the system during outages.
- Renewed my State license for S-2 Water Works System Operator through EGLE. My license requires a minimum of 24-hours of continued education credits (CECs) that are state certified every 3-years to be able to renew the license.
- Water service calls for seasonal and vacation rentals in town. We on average do over 100 each spring and fall. This is ongoing until the first of the year. Winter makes this more work due to the snow.
- Snow removal from 70+ fire hydrants to maintain access through winter.
- Preliminary water system project plans and permitting have been submitted to EGLE through their online portal. Plans have been reviewed and additional information has been provided for the district engineer. The states reviewing process has slowed down the process of this project.
- Monthly operational reports/well pump reports (MORs) to EGLE (State) via their verified online portal.
- Monthly water meter reading for billing usage on the system. Trouble shooting problems with non reads.
- The water quality monitoring schedule from the state (EGLE) for the 2025 season has been completed. I'm waiting on the state to send us the new 2026 schedule for testing requirements. I test early and often so to avoid any delays in the testing process. This gives us time to address any problems in getting samples processed and reported to the state.
- The new consumer confidence report for 2024 has been approved by the state (EGLE) and has been printed on large format posters. A proof of distribution form is required and has been submitted to the state to prove that we did our due diligence to distribute it to the consumers. We go the extra mile, post it on our website, in the local paper and post physical copies around town. Copies are available upon request and a digital copy is available on the township website. The 2025 report will not be ready until spring 2026 and the actual calendar year for 2025 is over. You cannot report on a season until that season is completed and you can compile all the information. These reports are for public information and are required by EGLE. Due July 1<sup>st</sup> each year.
