Marina Master Plan

The township board along with UP engineers and architects have put together a long-term marina master plan, detailing the scope of long-term marina improvements. We are looking for public input. Please pick up a copy at the township office or go online to burttownship.com and review and send feedback. Watch the paper for scheduling of a public hearing at an upcoming planning commission meeting.

We are hoping to apply for grant funds as soon as this spring and are looking for individuals that might be interested in serving on a committee to help with these plans. If you would be interested in serving on a marina/harbor improvement committee, please call the township supervisor at 906-494-2381, or email at supervisor@burttownshipacmi.gov.
